

## WHAT A PROVIDER NEEDS TO KNOW

The Family Planning Program helps fund clinics across the state to provide quality, comprehensive, low-cost, and accessible family planning and reproductive health care services to women and men. These services help people determine the number and spacing of their children, reduce unintended pregnancies, improve future pregnancy and birth outcomes, and improve general health.

## WHAT SERVICES ARE COVERED?

The program offers a wide range of women's health and family planning services that include but are not limited to:

- Contraceptive services
- Health screenings for diabetes, hyperlipidemia, and hypertension
- Sexually transmitted infection screening and treatment
- Pregnancy testing and counseling
- Limited prenatal services

For a full list of covered services, please visit [www.HealthyTexasWomen.org](http://www.HealthyTexasWomen.org).

## HOW DO CLIENTS ENROLL?

Clients complete an application form onsite with a participating provider.

**VISIT**

[www.HealthyTexasWomen.org](http://www.HealthyTexasWomen.org)

**FIND** a clinic

**COMPLETE** an application **onsite**

## WHO IS ELIGIBLE?

Both men and women may qualify for free or low-cost family planning services if they:

- Live in Texas
- Are age 64 and younger
- Have a reported monthly income does not exceed 250 percent of the current Federal Poverty Level

## HOW DO I BECOME A PROVIDER?

Family Planning Program providers are enrolled through a contractual process. The schedule for procurement opportunities vary. During enrollment periods, providers can access more information on the Texas Electronic State Business Daily website at <http://esbd.cpa.state.tx.us>.

## ALREADY A PARTICIPATING PROVIDER AND NEED HELP?

Contact a program representative directly at 512-776-7796 or by email at [womenshealth@hhsc.state.tx.us](mailto:womenshealth@hhsc.state.tx.us).
